

THE HERALD.

SALT LAKE CITY, UTAH.
SATURDAY, December 19
Advertisements in this column at 10 cents per line each insertion.

TRAVELERS FROM SALT LAKE
Will find THE HERALD on all railroad trains in the west, at the news stands in Denver, Butte, Omaha, Louisville, Portland, Boise and all other western cities. Also at the P. O. News Company, Chicago; Bretnano's, Union square, New York; Palace Hotel, San Francisco; Cheyenne News Co., Cheyenne; and the Elkhart House, Washington. Readers of THE HERALD who do not find it offered for sale on the trains or other places where it should be, will confer a favor by notifying us immediately.

THE CHRISTMAS HERALD

Will be on sale Christmas Eve and will be distributed and mailed without charge to all regular subscribers on Christmas morning. The cover will be elaborately executed by lithograph in four colors and the contents will cover a wider range than ever before. Dealers and agents are requested to forward orders immediately and all who desire advertising space in the issue are notified that no copy will be received later than the 15th instant.

LOCAL LYRICS.

Crisp and Condensed News of General Interest and Import.

WOOD Batts at Cutler's.
ELLIS! Theatre! Sunday eve.
Buy your home-made blankets from Cutler's, No. 30 Main street.
MEN'S Scotch wool underwear, only \$1 a suit, at Barnes, Lewis & Co.

BARRETT Bros. commence their sale of Christmas furniture this week.

CLEAN cutlery, razors and peel, finest in the city, at Barnes, Lewis & Co.

STITCHES in the Home of Utah. H. J. Grant & Co., agents, with State bank.

THERE are messages at the Western Union Telegraph office for G. S. Decker, Mrs. Mary Seabolt.

MURDER—We advise those wishing holiday furniture to look at the prices in Barrett Bros' window.

LICENSE to marry was granted to Andrew E. Sjöstrand, thirty-one, and Mary W. Engwall, twenty-five.

The county collector's apartments are being comfortably fitted up in the south end of the old court room.

The hearing in the sensational Kidnodge will continue case will be resumed in the probate court this morning.

The finest Christmas window show (interior) not so far seen is made by Johnson Pratt & Co., at 100 South Main.

COULF felt are not known where the Matteman felt flippers are worn. Try a pair. Spencer & Lynch, sole agents.

Be sure and see the beautiful line of toys at the Salt Lake Equitable Co. before purchasing elsewhere; 39 and 41 Market row.

Toys and holiday goods just arrived; 30 per cent. less than anywhere at the Salt Lake Equitable Co., 39 and 41 Market row.

Turn your orders for holiday candles if you don't want to get lost in the crowd. McDonald Candy company has the greatest stock.

The Electric Confectionery company, 64 South Main street, has an immense stock of fine Christmas candies and gifts.

The joint committee on charter revision advanced its work somewhat at yesterday afternoon's session. A good draft will be prepared.

ZION'S Savings Bank and Trust company loan monumental auxiliary banks for homes. Interest 5 per cent. Wilford Woodruff, president; George Q. Cannon, vice president.

This new store in which the Co-op. Furniture are now located on Second street is to display their stock. Their carpets especially are not surpassed by any stock in the city.

THREE SNAKES have completed his inspection of the fire district and is now sending out notices to merchants to clean out their yards and remove combustibles as required by the ordinance.

OFFICER THORNTON met a rather suspicious fellow with a bundle of clothes under his arm while walking along Second street. He asked the fellow couldn't give a satisfactory account of himself he was run in.

FITZ MAC, in the Denver News, says that Kate Field's late western tour was more to display the purpose of putting art on the free list. Art at what? In this particular instance Utah will ask for a protective tariff on the same.

This later Mountain Electric company, S. F. Fenton, manager, has removed to 29 East First street. A full and elegant line of electrical supplies, including alarm, dynamo, motors, electric bells, conductors, etc., constantly on hand.

THUNDERBOLT'S report for yesterday's temperature is as follows: At 5:30 a. m., -Salt Lake, 30; Baker City, 11; Cheyenne, 30; Denver, 20; Helena, 19; Miles City, 31. At 1 p. m., -Salt Lake, 31; Bingham, 30; Ogden, 31; Logan, 30; Park City, 30; Provo, 30.

In accordance with the action taken by the city Council on December 12, the city Marshal Hugh L. Gentry yesterday notified J. C. Conklin and other property owners in the northeastern part of the city to move their fences back to the sidewalk line. The property owners will decline to do so, and a suit is inevitable.

DISCREPANCY stated to a Herald reporter last night that he had a big force of men patrolling the city now and that he believed life and property were safe. He said that he had been for many months past. Between the police and Frank's detectives there should be little chance for the highwayman to practice his nefarious business.

INTERLOCUTOR STANTON of the minstrels took the precaution yesterday to secure an accident police preparatory to appearing upon the boards. The risk covered all cases of misfortune and was a wise indemnity against casual arrests from misdirected and accident eyes, lack of appreciation of audience, reaction or state jokes and slips on the bicycle.

SACILLI BOTTICELLI, of Lodi, who recently had an iron bar forced through his arm at the sugar factory, died at the Holy Cross hospital yesterday morning. On being taken to the hospital a week ago yesterday the physicians found it necessary to amputate the arm, and as the patient lost so much blood at the time of the accident, he had not sufficient vitality to withstand the operation. The deceased leaves a wife and several children.

ST. MARY'S Total Abstinence society met at Bishop Scallan's residence, on South Temple street, yesterday evening. A paper on the Christian Faith, read by Mr. Kelly, replete with historic incidents and very logical in its presentation was listened to with much interest. The young ladies, choir, furnished some choice music. Father Scallan is much interested in this work.

FOOTMARCH BENTON makes a final appeal to persons residing in the suburbs to have their houses numbered so that they can get the benefit of the free delivery service. He wants to extend the district to the city limits. Several letters have been received by the postmaster asking for information concerning the matter.

As the holiday season approaches the business of the postoffice increases, and the force is kept on the jump all the time.

A QUANTITIES of alleged offenders were brought down from Ogden yesterday and given cells in the penitentiary until their cases are called before Judge Miller. The cases of the offenders are charged with robbery and were registered by Acting Warden Sam Parsons in the annals of the pen at Jerome Smith, Lafayette Terry and Alex Hamilton. The last of the gang is a young fellow known as N. W. Neilson.

BORING FOR GAS

Another Expert Says the Find is Genuine.

THE AMERICAN COMPANY DRILLS

L. C. Karick Leases a Big Tract of Land to Bore, too—Other Business Matters.

The account of Thursday's excursion over the Rio Grande Western to the great gas well, which appeared in the Herald, seems to have stimulated inquiry, and the theme of conversation about the hotel and wherever a group gathered on the streets was this wonderful phenomenon.

Following up the plan of gathering only from reliable sources, such points as will aid the public in arriving at facts, Mr. Karick, a gentleman of some eight years experience in the gas business, was found last night. He had visited the well and thinks it every thing the owners have claimed, and more. It is not an odorless gas but has body and also odor. Had it only been gas it would have exhausted itself in less than three days after the well was drilled, and still another reason for this belief is shown in the fact that the pressure has increased from eighty-five to 150 pounds, and when the sand rock is penetrated this will reach 300 or 400 pounds.

To illustrate the effect produced by discoveries of this character in other regions, it may be said that only last week a gas well was struck in Clarion county, Pennsylvania, in the very midst of the oil regions. The first day a pressure of ninety pounds was obtained, and after some ten feet deeper this was increased to 400 pounds. The rush to that region by oil men was great, for experience has shown that the oil follows after gas.

A LARGO LEASE
of land to the extent of 1,000 acres, five miles this side of the present well, has been made by Councillman L. C. Karick, and the lease is now being put in shape. The present well will be drilled further down and in a few days the piping will be so adjusted that it can be ignited, when the gas will be used.

Their new well will be drilled about three-fourths of a mile southeast of the present one, on higher ground, where work can be done more easily and the necessary drainage can be secured.

Fully \$5,000 in an outfit has been expended, and the most approved machinery only will be used.

In a very few days a force will be hard at it, and the new developments will be watched with interest.

The Eureka branch of the Rio Grande Western has not been assigned a time table, and until this is done passengers will take No. 2, leaving here at 9:30 a. m., and will connect at Springfield with an accommodation, arriving in Eureka at 2:30 p. m. Coming this way, trains will leave Eureka at 9:15 a. m., connecting at Springfield with the city train, leaving at 10:30 a. m. In two weeks or less it is expected that a regular passenger service will be inaugurated.

THE AMERICAN
company is pushing right ahead. The present well will be drilled further down and in a few days the piping will be so adjusted that it can be ignited, when the gas will be used.
